

Boehringer Ingelheim (Canada) Ltd., invites you to join us for a lunch and learn session about:

Cow Comfort & Animal Welfare: What you Should Know!

Dr. Clémence Nash, Ruminant Specialist at Novus Canada, Dairy Farmers of Canada, University of Guelph

Clémence grew up in south western Ontario. She developed a passion for agriculture very early, and pursued this interest by graduating with a Bachelor of Science in Animal Biology and Nutrition from the University of Guelph, and then undertaking PhD in Epidemiology at the Ontario Veterinary College with a focus on the care and handling of dairy cattle in Canada. As the Ruminant Sales Manager for Novus Canada, Clémence is responsible for the management and direct field execution of the C.O.W.S. program in Canada. This includes undertaking on-farm cow comfort evaluations, training farmers and support staff, and support for Novus customers across Canada. Additionally, she is the head trainer for the proAction® Animal Care Assessment program for Dairy Farmers of Canada. Clémence develops and delivers the training program for proAction® Animal Care Assessors across Canada.

LUNCH AND LEARN: ▶ 10:00 - 2:00 pm
