

Here's an invitation for you and your guests to this year's FCC Forum. This event is an excellent way to spend the day with your spouse, family, business partners, neighbours and friends so feel free to pass on the invitation.

This year's Forum will feature CFL legend Michael "Pinball" Clemons, business succession guru Dr. John Fast and extreme adventurer Jamie Clark, who want to share their stories of success with you. Don't miss this opportunity to learn, inspire big ideas and network with other business owners and operators.

Pre-registration is required.
